Amthal

FIRE & SECURITY

PROTECTING WHAT'S PRECIOUS

JOB DESCRIPTION

POSITION TITLE: Automated Gates & Barrier Service/Breakdown Engineer
LOCATION Field Based - London & Home Counties

COMPANY OVERVIEW:

An Independently-owned electronic fire & security company; accredited by SSAIB, UKAS and BAFE; Amthal designs, installs, commissions and maintains tailored, modern and effective electronic fire & security systems. Amthal's focus is a very personal, customised service: understanding customer's needs, advising and recommending the most appropriate systems, installing everything with minimal disruption and providing the highest quality maintenance, support and assistance.

JOB OVERVIEW

In line with Amthal's growth plan we are continuing to expand the installation and service engineering team. This is a highly rewarding position, joining a strong and dedicated operations team providing a high level of job satisfaction. The successful candidate must be self-motivated and able to organise themselves, as well as contributing to the operational team, whilst delivering the highest level of customer service to all clients. They should have the ability to carry out the maintenance & repairs as required of automated gates & barriers.
